REMARKS

25X1X

1. No Rumanian Army troops were stationed in the coastal area north and south of Constanta (R 53/54 E 71) in late February 1950.

Rumanian naval troops and naval infantry troops were stationed in Mangalia (R 53/54/K 66) and in the coastal area between Mangalia and the Agigea (R 53/54/E 70) railroad station.

2. The following houses in Constanta were occupied by Soviets:

a. Three-story building with receiving and transmitting antenna on top at 3 Mihai Viteazul Street: Headquarters guarded by KVD and Soviet Army personnel.

b. Private house at 60 (or 61) Cuza Voda Street: Occupied by three Soviet generals.

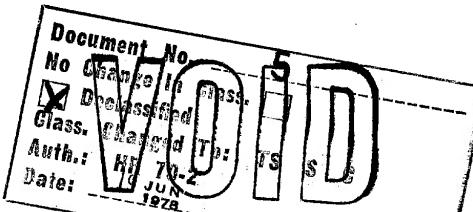

c. House at 1 Boulevard Ferdinand (former street name): Heavily Guarded. A Soviet general was apparently billeted there.

Comment:

25X1A

The information on the Soviet-occupied buildings in Constanta was received for the first time. The buildings in Cuza Voda Street and former Boulevard Ferdinand may house a high supply headquarters including administrative officials ranking as General. Headquarters of this type are with a fair degree of certainty assumed to be located in Constanta, a harbor important for Soviet supply operations.
